

FISHERIES NOTICE 2024-07

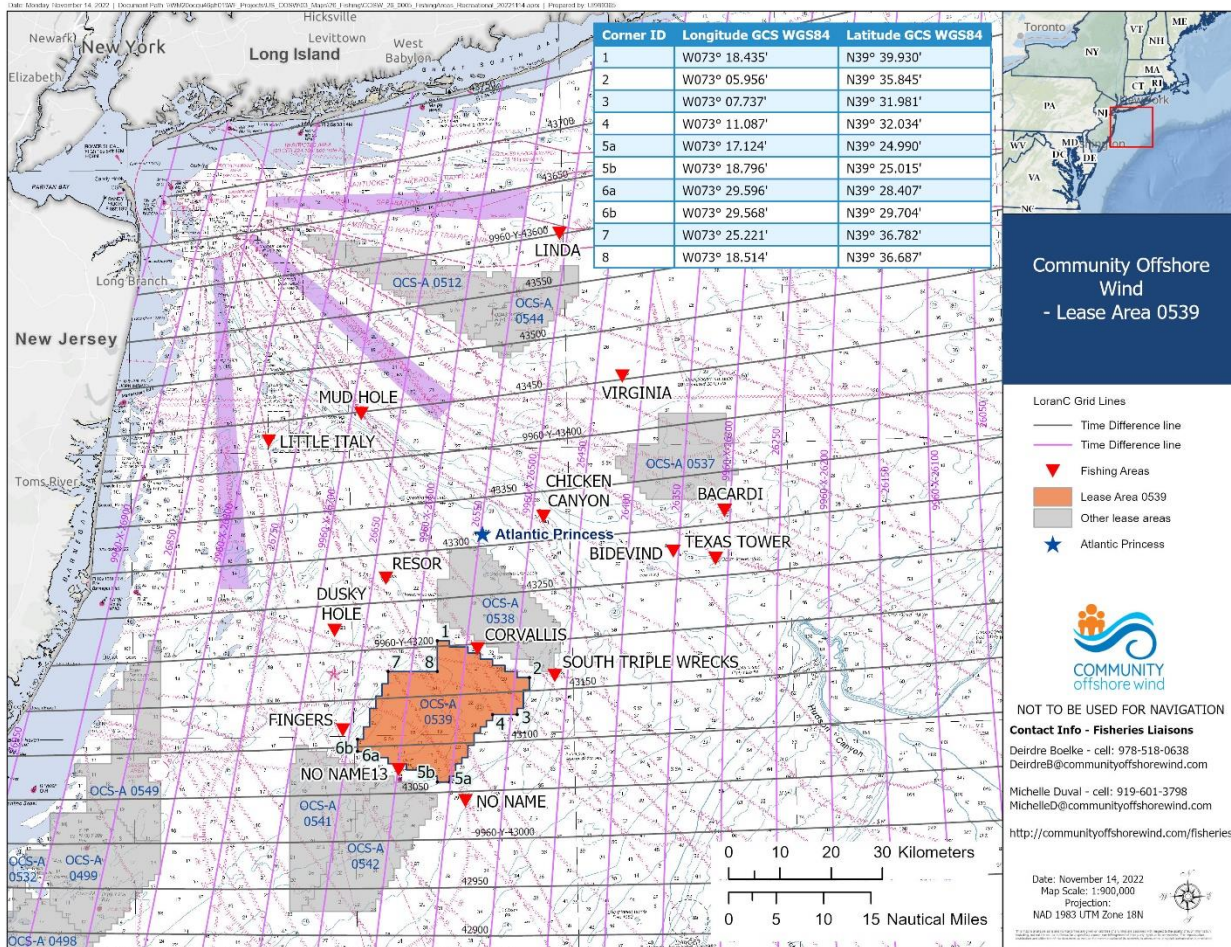

Issued October 23, 2024

SCAN ME

COMPLETION OF 2024 SURVEY ACTIVITIES

Community Offshore Wind is issuing this notice to inform fishermen, mariners, and other interested parties of the completion of geotechnical sampling by the M/V HOS BROWNING within the lease area. No further survey activities are planned for 2024. Community Offshore Wind appreciates the close coordination and communications with the fishing industry throughout the survey campaign.

The lease area is located 32 nautical miles east of Barnegat Inlet, NJ and 56 nautical miles south of Long Beach, NY. Survey activities that may be undertaken in the future will be described in upcoming fisheries notices. Fishermen and interested parties are encouraged to contact Sean Lucey and Michelle Duval with any questions.
